I. Introduction

The Lafayette County District School Board has as its first obligation to provide a safe, secure and orderly learning environment in all schools and at all sponsored activities for students, school personnel, and other persons.

II. Orderly Environment

An orderly environment can only be achieved by developing procedures to control students, personnel, and other persons on school property and attending School Board or school sponsored events or activities. All procedures shall reflect the following policy provisions:

- A. No person other than a student and employee of a school site shall be on a school campus during school hours unless they are in compliance with Policy 9.07 (Visitors).
- B. A student who is suspended or expelled is not in good standing and is not permitted on the school campus, school grounds, or at a school sponsored activity.
- C. Any person on a school campus or school grounds not in accordance with this policy is hereby declared to be a trespasser and shall be asked to leave immediately by any staff member. Each principal shall keep a log of such incidents which shall provide the name of the person asked to leave and other pertinent information. If said person shall again be seen upon the school campus or school grounds, any staff member shall immediately notify the principal or appropriate local law enforcement officials without further warning.
- D. Individuals who enter School Board property, activity, or School Board meeting without a legitimate reason and create a disturbance or refuse to leave the property or activity when asked by the board chairperson, Superintendent/designee, principal or person in charge are subject to criminal penalty as provided in Florida Statutes. The person in charge shall contact appropriate law enforcement officials in cases of disruptive activity or refusal to leave the school property or activity and take appropriate actions to have the offender punished as prescribed by law. The

- B. As required by state law, the Superintendent shall require the use of the Safe School Assessment Survey based on the School Safety and Security Best Practices Indicators created by FL DOE Safe School Assessment Tool (FSSAT) to conduct a self-assessment of the District's current safety and security practices.
- C. Upon completion of these self-assessments, the Superintendent shall convene a safety and security review meeting for the purpose of (a) reviewing the current School Safety and Security Plan and the results of the self-assessment; (b) identifying necessary modifications to the plan; (c) identifying additional necessary training for staff and students; and (d) discussing any other related matters deemed necessary by the meeting participants.

safety, emergency management and preparedness plans. The Superintendent shall make any necessary recommendations to the Board that identify strategies and activities that the Board should incorporate into the School Safety and Security Plan and/or implement in order to improve school safety and security. The School Safety and Security Plan is, however, confidential and is not subject to review or release as a public record.

- E. The Superintendent shall report the self-assessment results and any action taken by the Board to review the School Safety and Security Plan to the Commissioner of Education within thirty (30) days after the Board meeting.
 - F. Emergency management and preparedness plans shall include notification procedures for weapon use and active assailant/hostage situations, hazardous materials and toxic chemical spills, weather emergencies, and exposure resulting from a manmade emergency.
 - G. Emergency management and preparedness procedures for active assailant situations shall engage the participation of the district school safety specialist, threat assessment team members, faculty, staff and students for each school and be conducted by the law enforcement agency or agencies designated as first responders to the school's campus.

 - I. Copies of school plans shall be provided to county and city law enforcement agencies, fire departments, and emergency preparedness officials.
- V. Threat Management
- A. The primary purpose of a threat management is to identify individuals exhibiting threatening or other concerning behavior, assess the risk of harm, and coordinate appropriate interventions and services for such individuals. The Board's threat management process is a systematic, fact-based method designed to identify, using threat assessment protocols, whether behaviors or communications constitute a concern for violence or harm to another person. Florida Harm Prevention and Threat Management Model is designed to identify, assess, manage, and monitor threats to schools, school staff and students. The goal of the threat management process is to prevent violence or harm to members of the school community. The threat management process uses a methodology that identifies students exhibiting threatening or other concerning behavior, gathers

CHAPTER 3.00 - SCHOOL ADMINISTRATION

information to assess the risk of harm to themselves or others, and identifies appropriate interventions to prevent violence and promote successful outcomes.

- B. The Board authorizes the Superintendent to designate a Threat Management Coordinator, a District Threat Management Team and school-based threat management teams.
 - 1. The District Threat Management Coordinator (DTMC) must complete all trainings specific to the Coordinator role and will oversee threat management at all public k-12 schools, including charter schools sponsored by the District. The DTMC must:
 - a. Ensure all district-level and school-level threat management team personnel are trained in threat management and on the Florida Model.
 - b. Serve as Chair of the District Threat Management Team and as the liaison to the Department of Education's Office of Safe Schools.
 - c. Ensure procedures are outlined for making referrals to mental health services for students exhibiting threatening or concerning behavior of self-harm or harm to others.
 - d. Assist School Based Threat Management Teams in the District.
 - 2. District Threat Management Team (DTMT) will receive referrals from the School Based Threat Management Teams, assess serious situations, and provide support to school-based teams, including charter schools in their district. The DTMT must include the DTMC, persons from school district administration and persons with expertise.
 - 3. School Based Threat Management Team (SBTMT) will be headed by a Chair and Vice-Chair who are appointed by the principal or designee.
 - a. The Chair serves as the point person for threat management at the school-level and is responsible for triaging reported threats or concerning behavior and communications to determine whether the matter should be summarily closed, or whether it should be reviewed by the full SBTMT.
 - b. The team shall be comprised of a minimum of four (4) members, including a person with expertise in counseling (school/psychological), instructional personnel, school administration, and law enforcement (school resource officer).

CHAPTER 3.00 - SCHOOL ADMINISTRATION

- c. If none of the SBTMT members are familiar with the student of concern, the SBTMT Chair will assign a member of the school's staff who is familiar with the student to consult with and provide background information to the threat management team. Consulting personnel do not have to complete Florida Model training and may not participate in the decision-making process.
 - d. All members of the threat management team must be involved in the threat management process and final decision making.
 - e. Parental Notification
 - i. If the SBTMT Chair determines the concerning threat or behavior reported is a low level of concern and summarily closes the case, the Chair/designee must use reasonable efforts to notify the parent or guardian of the student concern.
 - ii. If the Chair does not summarily close the case and refers the matter to the SBTMT, reasonable efforts must be made to notify the student of concern's parent or guardian on the same day the SBTMT assigns the preliminary level of concern. The SBTMT must document all attempts to make contact with the parent or guardian using the contact information shared by the parent or guardian with the District.
 - iii. If the preliminary level of concern is high, the SBTMT chair or designee must notify the Superintendent or designee to ensure the requirements of F.S. Stat. 1006.07 are met.
 - iv. The SBTMT Chair must notify the student of concern's parent or guardian if the threat management process reveals information about their student's mental, emotional, or physical health or well-being or results in a change in related services or monitoring, including but not limited to implementation of a Student Support Management Plan (SSMP).
 - v. The SBTMT Chair or designee must provide a copy of the SSMP to the student of concern's parent or guardian upon the plan's finalization and anytime the SSMP is substantially revised.
 - vi. The SBTMT Chair must make a reasonable effort to notify the parent or guardian of the targeted student before the end of the school day that the report was received unless the Chair has determined the concern is unfounded.
4. The threat management team will be responsible for the assessment of individuals whose behavior may pose a threat to the

CHAPTER 3.00 - SCHOOL ADMINISTRATION

safety of school staff and/or students and coordinating resources and interventions for the individual.

5. If a student with a disability is reported to have made a threat to harm others and the student's intent is not clear, a referral will be made to the threat management team for evaluation.
6. Upon a preliminary determination that a student poses a threat of violence or physical harm to him/herself or others, the threat management team may obtain criminal history record information. The team must immediately report its determination to the Superintendent who must immediately attempt to notify the student's parent or legal guardian. A parent or guardian has the right to inspect and review the threat management. The team will coordinate resources and interventions to engage behavioral and or mental health crisis resources when mental health or substance abuse crisis is suspected.
7. The threat management team must plan for the implementation and monitoring of appropriate interventions to manage or mitigate the student's risk for engaging in violence and increasing the likelihood of positive outcomes.
8. Upon the student's transfer to a different school, the threat management team must verify that any intervention services provided to the student remain in place until the threat management team of the receiving school independently determines the need for intervention services. Threat management teams must meet as often as needed to fulfill their duties of assessing and intervening with persons whose behavior may pose a threat to school staff or students, but no less than monthly. The teams must maintain documentation of all meetings, including meeting dates and times, team members in attendance, cases discussed and actions taken.
9. Through the DTMC, the District must ensure that all threat management teams in the District report to the DOE office on the team's activities during the previous year. The District School Safety Specialist must ensure all schools in the District timely report all required information. The report will contain all data or information required by Florida law.
